THE DR MEDICAL SILICONE HEEL CUP

SUGGESTED HCPCS CODE: L3170

INDICATIONS:

The DR Medical Silicone Heel Cup is designed with comfort in mind. High quality medical grade silicone combined with a soft gel center provides instant pain relief to the heel region. With the ability to be worn in most shoes, the DR Medical Silicone Heel Cup helps to reduce pain associated with Achilles tendonitis, plantar fasciitis, heel and calcaneal spurs as well as providing additional load & vibration relief for arthritis in the knee and leg joints.

FEATURE AND BENEFITS :

- Medical grade silicone
- Soft gel center for enhanced pain relief and extended wear
- Multiple sizes to accommodate a wide fitting demographic
