(Left/Right)

## THE OA RELIEVER™

SUGGESTED HCPCS: L1843 / L1851

### Features and Benefits:

- Single lateral upright designed in conjunction with flex-hinge to unload the medial compartment of the knee, helping to promote normal joint movement and reduce pain
- Lightweight construction improves comfort for longer periods of wear
- Adjustable straps with "free flow" buckles for superior comfort and fit
- Valgus and Varus adjustments to fit individual alignment
- Ideal for unilateral compartment OA knee users
- Available in Gray and Matte Black

### Indications For Use:

The OA Reliever™ provides added stabilization for knee strains, sprains, and small tears. Helps to relieve pain associated with ligament injuries of the ACL, PCL, MCL, LCL and mild to moderate arthritis.
