THE REVOLUTION AFO

***Suggested HCPCS Codes L1906 / L1971**

***L1906
without
extender
panel**

***L1971
with the
extender
panel**

INDICATIONS :

Indicated for ankle instabilities, acute & chronic ankle sprains, hind foot arthritis, ankle tendonitis, and ankle arthritis.

PRODUCT FEATURE AND BENEFITS :

- Lightweight, low profile brace, great for extended wear
- Detachable extender panel option for additional support
- Multiple sizes to fit most patients
- Enhanced design adds more rigidity for ankle support helping to prevent ankle inversion, eversion, and abnormal rotation.
